**Agenda:**

- Review Action Items from previous meeting & decide on key topics to cover today
- Provider Ed Updates
- Review current provider ed resources (table Gail created)
- Review new Action Items

**Notes:**

- Naomi's last day with WiSHMI is June 25<sup>th</sup>
  - Will transition CME to someone else within WISMHI – exploring whether it makes sense to change from MCW to UW ICEP – need to have planning committee chair within UW Schools of Medicine & Public Health, Pharmacy or Nursing
- Updates
  - 10 people registered so far
  - Naomi will publicize with CCHP
  - For future sessions, we should publicize in CPCP website
  - Ideally we will plan sessions a year ahead of time – will be helpful for publicizing
    - We will not have a set day/time but will target certain months in which we try to schedule
  - Could highlight resources on beginning & end slides (regional centers & other resources)
  - May want to model facilitator's agenda after ECHO or other groups
  - Could do a poll at the end of the session to gauge interest in future topics
- CCHP – HMO regulation updates re: developmental screening
  - WiSMHI did trainings with CCHP – wasn't very well attended and they were mental health providers

**Action Items:**

- Nicole will get 1<sup>st</sup> Updates session info to Naomi so she can reach out to Mike at CCHP
- Nicole will take a look at ECHO facilitator agenda to see if there's anything worth borrowing for the Updates series
