Purpose of Act Early State Team:

The Act Early State Team brings together stakeholders working to improve coordinated systems for early identification, developmental assessment, services and supports, and family engagement related to children with or at risk for autism spectrum disorder and other developmental disabilities. The meetings and activities of the Act Early State Team provide stakeholders an opportunity to share and align their work in this area.

March Meeting Objectives:

- Highlight recent Act Early State Team member activities related to statewide coordination (Goal 5 of the State Plan).
- Identify ways we can align our work to advance the goals of the Act Early State Plan.
