Purpose of Act Early State Team:

The Act Early State Team brings together stakeholders working to improve coordinated systems for early identification, developmental assessment, services and supports, and family engagement related to children with or at risk for autism spectrum disorder and other developmental disabilities. The meetings and activities of the Act Early State Team provide stakeholders an opportunity to share and align their work in this area.

March Meeting Objectives:

- Share updates on the Governor's Autism Council
- Share and support efforts to improve families' transition from diagnosis/identification to treatment
- Identify ways to collaborate to improve the family experience across different communities
- Learn about a community-led effort to support families and connect them with services
